Date: 9th March 2023

Dear Parents & Well-wishers,

The academic year that passed was a potpourri of experiences, each with a unique flavor. It was a year replete with learning, exposure, achievements and success though traces of the pandemic kept us wired infrequently. So let us celebrate and be happy for the year it has been; for the multiple graces and favours we have received from God Almighty; for the successes that we have attained and for the goals that we have achieved. This successful venture would not have been possible without collaborative efforts.

The Loreto Pedagogical Paradigm aims at personality development, moral uprightness, wholesome growth, conscience and compassion.

We hope that through your participation and fervour you become an integral part of our extended family and feel the warmth of a generous and affectionate community. I sincerely applaud all the parents and well-wishers for their sense of coherence.

I am also of the firm belief that having quality, inspirational and passionate teachers is essential to a School's success. I am grateful to the teachers for the time and energy they put into their positions.

Awards and accolades are pivotal and it vastly influence students even after their School life. Recognition of your commitment and resolve in the form of a medal of honour or some graceful award is the best moment to reckon with. The prestigious **Telegraph Awards in 5 Categories** conferred upon us during 2022-2023 is a testimony to our efforts and allegiance.

A dream does not become a reality through magic. As our children march ahead with nobility and virtuousness, may they be able to decode their dreams and stay blessed. May they keep their aspirations alive and believe in themselves.
